

MARINA VILLAGE BREEZE

September 30, 2018

Ready and waiting

Our "Second Elevator" construction project has now reached a very important milestone. The builder has marked the occasion by sharing a couple of pictures taken by his drone that we KNEW you'd be eager to see.

The shaft is completely stucco'd and painted, the standing seam roof is installed... and we are told the elevator cab is scheduled to be delivered for installation beginning tomorrow!

We are now projecting the new elevator will go into service around mid-November.

Here is a closer look:

It has been a good September... and October will be a big month!
We promise to keep you posted.

On behalf of the Board of Directors, and our Outstanding Staff,
thank you for your support!

Best regards,
Paul Rosen, Director
