

Marina Village will Re-Open to Owners beginning Week 20

This morning, the Marina Village Board met and decided how we will re-open the resort while complying with ever-changing State, County and Town guidelines.

We will begin to welcome OWNERS ONLY starting with WEEK 20 check-in on SATURDAY, MAY 16.

Laurie Russell has already called all Week 20 Owners to learn who is coming. If you own in Week 20 and haven't spoken with Laurie yet, please contact her as soon as possible. Weeks 21 and beyond are next on the call list!

WHO CAN COME?

Limiting occupancy to Owners means that...

- The Owner** (on the deed) may check-in for their own week(s).
- Direct family members** of an Owner may check in to that Owner's week(s). As always, this type of guest must receive confirmation in advance from Laurie Russell before check-in.
- An Owner from another week** may rent an available unit.

**** EXCEPTION: We will not check-in any residents from a "Hot Spot" state.** Florida Governor DeSantis has currently identified New York, New Jersey, Connecticut and Louisiana as states whose residents must SELF-QUARANTINE FOR 14 DAYS after entering Florida. This list may shrink or grow at the Governor's discretion.

At this time, we will also deny check-in to...

- Non-family Owner guests
- Non-Owner renters
- Exchangers

NEW POLICIES... UNTIL FURTHER NOTICE

While in Florida, everyone is expected to behave in a safe and responsible manner, such as:

- Practice Social Distancing.
- Avoid congregating in groups larger than 10

The Directors also expect Owners to abide by rules that will be established specifically for this time frame to ensure your comfort and safety. These rules are still being developed and will be reviewed with you when you arrive.

Examples are:

- The Health Club will be closed.
- People from only one unit in an elevator at one time.
- No boat rides; no group meeting on Tuesday.

If you have any particular questions, please call Laurie.

Management and the Board will monitor how our re-opening unfolds, along with changes in the bigger picture. We will keep you informed of any changes via upcoming newsletters.

Please stay safe... and be patient with us... and know we are looking forward to seeing you again!

-- Lauren Dillard, Community Association Manager
