

MARINA VILLAGE BREEZE

August 7, 2020

All Owners Are Welcome!

Yesterday Florida's governor removed the requirement for travelers from New York, New Jersey and Connecticut to quarantine after arrival. Based on this,

**Owners and owners' families
from ALL STATES
are now welcome to vacation with us!**

Keep in mind that **Florida is still a hot spot** for COVID-19. If you have underlying health conditions, please talk with your doctor before making plans and be aware of travel advisories in effect. Traveling safely nowadays is a challenge for everyone.

At Marina Village, we still expect guests to maintain proper social distancing around the property, including at the pool. The health club is still closed and masks are required in the office. We continue to limit occupancy to just our owners and their families; no public renters or exchangers yet.

Also, this year especially, please let us know in advance whether you are coming, so we can plan better for your vacation.

Contact Laurie Russell to discuss specific questions you may have.

Elevator News

We have kicked off the biggest project on the books for 2020-2021: replacing our original elevator.

It's already been shut down and everyone is using the new elevator for now. After several months of work, we will have two spacious and modern elevators with dependable, quiet, energy-efficient service.

Stay tuned for progress reports and photos!

Margaritaville: Get Ready! Really!

Today's local newspaper headlines announced that the Town successfully negotiated with the people opposed to the Margaritaville project and the lawsuit has officially been dropped.

So now it's full steam ahead!

We look forward to welcoming the Margaritaville Resort to our neighborhood.

And... thank you!

Laurie and Lisa appreciate all the nice owners who have checked in to make sure everyone is doing okay during these challenging times.

We also want YOU to stay safe -- so we'll see each other for years and years to come!!

-- Lauren Dillard, your Community Association Manager
